

Fan coil unit with Design cabinet, only 10 cm of minimum depth and EC motor

## ART-U Canvas 1 - 4 kW

EC motor

Tangential fan

Supervision GARDA

2 pipes systems

Vertical installation

### PLUS

- » A furnishing with an innovative design and width up to only 10 cm
- » Inverter-controlled EC motor
- » Low energy consumption
- » Complete customization of the front panel

### Now it's up to you

Thanks to ART-U Canvas, a new level in indoor air conditioning is being achieved. A product that was already a unique offering in its field is now being further enhanced: ART-U is a versatile platform thanks to the complete customisation of the front panel.

The fan coil panel becomes a veritable painter's canvas, ready to be customized by the interior architect. On ART-U Canvas any solid colour, image, or high quality photograph can be reproduced. No minimum quantities are required for the customization of the fan coil, to ensure maximum freedom for the interior architect, whatever the size of the project.

With ART-U Canvas there are no limits to creativity; now it's up to you to choose the perfect version to blend in stylistically with the space to be air-conditioned.

### AVAILABLE VERSIONS

Canvas is available in two versions: Total Graphic Skin and Graphic Skin.

Total Graphic Skin allows for the customisation of the entire surface of the front panel with the reproduction of graphics or photographs.

The Graphic Skin version makes it possible to reproduce images while leaving the natural brushed aluminium or RAL9010 white panel partially visible.

These two versions of ART-U Canvas are summarized according to the CMF table (Colours, Materials, Finishes). CMF is a true industrial design tool that focuses on the chromatic, tactile, and decorative identity of products and environments.

ART-U CANVAS

ART-U becomes a platform that can be customised according to the suggestions of the interior architect. The front panel colour can be selected from over 3000 colour variations offered by the RAL and PANTONE colour charts.

Any geometric texture or material effect can create a unique design that expresses your personality in every detail.

With ART-U Canvas there are no limits to creativity. The possibility of customising the panel with images and photographs makes this fan coil a true furnishing accessory.

## Fan coil ART-U Canvas

With ART-U Canvas, innovation goes hand in hand with imagination. This smart, high-performance fan coil was created to rewrite the rules of design and inspire customisations that go far beyond the surface of the fan coil.

### ONLINE CONFIGURATOR ART-U CREATOR

Using the online ART-U Creator software you can give shape to your air conditioning design idea. This tool allows you to quickly configure your ART-U Canvas, choosing the graphics for the front panel and the colour of the other product components. There is a product for every solution: configuring the style of your interiors has never been so easy.

Contact us at [art-u@galletti.it](mailto:art-u@galletti.it) to request access to the first aesthetic configurator dedicated to fan coils.
