ARFIT, THE GLOBAL CLIMATE CONTROL SOLUTION

A single partner offering a diversity of products and expertise, translating them into the ideal global solution for your climate control project.

Here, from the most demanding technical specifications to the highest hygienic requirements, you will find a customized solution for each project, the Global Climate Control Solution.

We are a team of trained and determined professionals, ensuring continuous improvement of the products sold and the projects developed.

We focus on constant growth, supported by the synergy between employees, clients, partners, and suppliers.

MISSION

- To be a leading partner in providing climate control equipment and services;
- To ensure customer satisfaction and exceed their expectations;
- To promote continuous improvement.

VISION

- To be a company of choice;
- To focus on service excellence and human resource development;
- To collaborate with partners, clients, and suppliers.

VALUES

- Conduct our activities with integrity, serenity, and transparency;
- Value people as a way to value the company, focusing on the training, development, and motivation of human resources;
- Achieve results and find solutions with responsibility, determination, and professionalism;
- Ensure satisfaction of applicable requirements and continuous improvement of developed processes;
- Promote the competence and excellence of our performance, winning and retaining clients.

THE PRODUCTION LINE

It is in the factory that each product comes to life, transforming an idea and concept into something tangible and ready for use.

The factory is the heart of production, where we apply engineering knowledge, technology, and human talent to transform raw materials into Arfit Products.

Today, we have a production area of 4800m², a complete Manufactor ERP system, and quality standards compliant with the most demanding certifications.

ARFIT QUALITY

A fundamental area that ensures our products exceed customer expectations in terms of quality, reliability, and compliance with established standards.

This is where we promote continuous improvement of processes and products, from product development to delivery to the customer.

SUPPORT AND MAINTENANCE

A personalized service of predictive, preventive, and corrective maintenance, carried out by specialized technicians nationwide, ensuring the upkeep of your investment and guaranteeing the durability and proper preservation of equipment in the medium and long term.

For us, it is essential to maintain the proper functioning of all products and their components, ensuring that performance endures over time.

CERTIFICATIONS

With each certification we present, we ensure the consistency of our products and services, guaranteeing that each product meets specific standards of quality, safety, performance, and regulatory compliance.

Through each certification, we demonstrate our commitment to quality and ensure that all processes adhere to established standards and our commitment to social and environmental responsibility.

We meet the most demanding certifications, both in terms of processes and products.
